President's Message

Hello everyone,

Well, we have our first campout under our belt, despite the wet and cold weather that we had. You know the weather doesn't matter to much, as we all enjoy what we do and who we do it with. There were thirteen of us in attendance and that was good. We enjoyed all of the good food, games, the good campfires, the conversations we had around those campfires, and just relaxing from the routine days that we normally have. Our next camp out is at Crowder State Park up near Trenton, Missouri. Remember we are camping in the middle of the week for this campout. I want to thank Laurie and Dennis for the devotions and Lou for the services on Sunday.

Looking forward to seeing everyone at Crowder and keep your rig between the fence posts.

Joe Robertson Pres.

I have purchased some fleece for our mission project. I will bring some of it with me to Crowder in case we want to make a few blankets while we are there. If you would like to help with blankets, and have a pair of scissors for cutting material, please bring them with you.

The Camping Scheduling Committee met on April 17 and came up with the 2022 camping schedule. It seems early to make up the schedule for 2022, but with the Missouri Parks Department's new rule on making reservations possible 1 year in advance, it is necessary.
