President's Message

Hello everyone,

We had a great time at Branson on our last campout. Those in attendance were Guns, Dunlaps, Harters, Robertsons, and Harold and Connie Darling from Texas. We had a very relaxing time in Branson. Good food and two good shows at the Opera, at the I-max building. Dunlaps and us took a short drive to Rock-a-way Beach. When Betty and I were in College in Springfield it was the place to go at the lake. Not anymore. It is practically a ghost town now.

Like I said we had a great time, UNTILL my Jeep decided it didn't want to run anymore. It didn't make any difference what gear you put it in it would not move. To make a Long story short, with Laurie's help we got it back off of the road and up to the motor home. Towed it home, took it to the dealer, and they couldn't find any thing wrong and it has been doing great every since .

Tell you all about it at the4 next campout.

Joe

Reminders

Be prepared for a few potluck meals.

We have completed 20 mission blankets and I have dropped them off. I hope to have some cut so that we will have some to tie at Watkin's Mill.

I know several people like us are going to Watkin's Mill on Wednesday the 7th. Hope to see you there sometime during the weekend. While camping this month, you can call in for next July's campout when we will again be at Watkin's Mill.
